## **Technology Integration Teacher**

**(M/W/D)**

Metropolitan School Frankfurt is an international school with more than 630 students from 55 countries. We provide a high quality, inclusive international education for international and German students aged 3 to 17 from diverse cultural, linguistic and social backgrounds.

We are looking to employ a full-time technology integration teacher with network manager skills. The role is a new one at our school, you would be joining our part-time ICT teachers.

We are keen to hear from specialists who are interested in developing an initiative from the ground up, helping MSF grow into an even stronger school that is better able to support the technological needs of our students and staff, and to introduce our students and teachers to new ways of thinking and learning with and through technology.

You:

- are an enthusiastic, positive and proactive colleague, with a teaching degree
- are capable of supporting our students and teachers in implementing new technologies
- ideally have experience of managing a network and devices
- are flexible and knowledgeable, interested in setting up a new initiative in our school
- are interested in supporting our marketing department in creating audio-visual material for our social media channels, though this is not a prerequisite
- have a residence and work permit

What you will find:

- an exciting international school with an experienced team of leaders and teachers
- a cooperative and friendly environment
- a welcoming school community
